

**Joe Bever**

**Senior design engineer at Ford Meter Box  
www.fordmeterbox.com**

**We use Sala S.r.l.'s machines to machine valve components.**

**Sala machines allowed us to renew our machine fleet after a thorough search for new machines that could replace the ones we were using before.**

**Sala S.r.l. machines stand out for their simple and clean design, which minimises the space required.**

**We have been working with Sala S.r.l. for 4 years in an extremely positive way.**

**Thanks to them, we have increased our productivity.**

**Sala S.r.l.'s machines are easy to configure and adjust. Plus, they have a compact design and are extremely sturdy.**

**Their after-sales service is very quick.**

**Sala S.r.l. can rely on a group of people who are always available to hear about your needs and meet them with the best solution possible.**
